

Dear Friend of Canby Grove,

We are living in a time when millions of Americans are dying without the saving knowledge of Christ. The Pacific Northwest is the most un-churched region of America. The challenge is great but the rewards are greater still. In today's culture, the church is struggling to be relevant not knowing what direction to go.

Canby Grove is a place where young and old alike briefly step out of our hectic culture and find a place bathed in prayer and surrounded by peace and serenity where they can hear God speak into their heart and life over the noise of our culture. Each year, hundreds of people make life changing decisions while attending an event here. The impact of this ministry is incredible.

That is why it is critical to continue reaching out to our culture. Canby Grove can't do it alone and God doesn't want us to do it alone. You have the resources to support God's message. Canby Grove has the access to our culture to present God's message. Together, we can make a difference.

Like most other non profits organizations, financial support of Canby Grove is down this year. As we come into this time of the year, our cash reserves are under pressure and not sufficient to pay the overhead. We want to finish the year well and enter 2010 strong but we need your help.

I don't ask for your help lightly and I take seriously our stewardship of everything the Lord has provided. You can be assured that every gift is used wisely and multiplied for expanding the kingdom.

You can donate to Canby Grove in a number of ways by sending a check, direct bank with drawl, credit or debit card, stock transfer or IRA distribution. If you like, you can go on-line to <http://www.canbygrove.com/Donations.html> .

As you consider your yearend donations, please consider the impact Canby Grove has on the many, many lives that we touch each year. As a ministry partner, you are impacting lives right along with us.

Thank you for your financial support. It is our privilege to serve you and to serve with you in reaching our culture one person at a time with the gospel message.

Serving Christ Together,

Ray Schnickels  
Executive Director

P.S. Our culture is dying to hear the message. Are you willing to be used by God in delivering the message?
